

Drive For Hours by Adrian Mowry

Don't write a note, don't say goodbye

We'll be in Chicago by the morning light

I'm sorry about your mother, I know she'll miss her girl

We've got a chance to make it good in this tough old world

Got a gift for the song and yours is the thread

No it won't be long for the day we're wed

See a woman in your eyes, and a little girl smile

Put your trust in me mile after mile

I'll drive for hours, while you sow your jeans

Got time on our side, let's live our dreams

Let your little town go, let your love light shine

We'll be in Colorado for the very first time

Up to north California I've got some friends out there

No I wouldn't mind to taste that pacific air

I'll drive for hours, while you sow your jeans

Got time on our side, let's live our dreams

Don't write a note, don't say goodbye

We'll be in Chicago by the morning light

By the morning light

By the morning light

By the morning Light
