

Whistle Whistle by Adrian Mowry

Whistle whistle when you want my love

Whistle whistle when you want my love

Lay your break down easy when I want to get on board

Some days it's easy don't need a ticket to ride

Some days it's easy don't need a ticket to ride

The nighttime is lonesome when you got no one by your side

I'm getting tired, tired of running around

I'm getting tired, tired of running around

I need to find me a rider somebody slow me down

Whistle whistle when you want my love

Whistle whistle when you want my love

Lay your break down easy when I want to get on board

Whistle whistle

Whistle whistle

Whistle whistle
